

Providers of management and resources to the fire and emergency services in the Middle East

Date: 28 March 2018 Immediate Release

AssetCo plc

("AssetCo" or the "Company")
Preliminary results for the year to 30 September 2017

Statement by the Chairman, Tudor Davies

Introduction

We are pleased to report the results for the year to 30 September 2017.

Results

Profit after taxation in the period under review was £2.2m (2016: £4.6m) on revenue of £24.9m (2017: £23.3m) with the reduction in profitability being an increase in the litigation costs incurred in our claim for negligence against Grant Thornton.

The cash position remains strong with free cash balances of £21.5m (2016: £15.5m).

Our business is based on the provision of an outsourced fire service agreement with the Abu Dhabi government, which commenced in April 2010, but since November 2016, has continued satisfactorily on the same basis and on similar terms but with a contract entered into on an arrears basis every five or six months, whilst a longer-term arrangement is considered by the Abu Dhabi government.

Claim against Grant Thornton

The claim for negligence against AssetCo's former auditors, Grant Thornton, which with interest amounts to approximately £40.0m, is now scheduled to be concluded at a trial in June 2018.

As previously reported by the Financial Reporting Council ("FRC") on conclusion of their investigations in relation to the audits in 2009 and 2010, Grant Thornton were fined £3.5m and given a severe reprimand. Separately, the audit partner Mr Robert Napper was fined £200,000 and excluded from membership of the Institute of Chartered Accountants for three years.

The FRC report on AssetCo entitled Particulars of Facts and Acts of Misconduct: Grant Thornton UK LLP and Robert Napper, is available on the FRC website www.frc.org.uk.

Outlook

Trading continues to be in line with management's expectations and we will keep shareholders informed on any developments in relation to the Grant Thornton claim and our Abu Dhabi business.

Notes to the Financial Statements

for the year to 30 September 2017

1. Legal status and activities

AssetCo plc (the "Company") is principally involved in the provision of management and resources to the fire and rescue emergency services in international markets. It currently trades through a branch in UAE and its strategy is to develop this business. As at period end, the Company has no subsidiaries.

AssetCo plc is a public limited liability company incorporated and domiciled in England and Wales. The address of its registered office is Singleton Court Business Park, Wonastow Road, Monmouth, Monmouthshire NP25 5JA.

AssetCo plc shares are listed on the Alternative Investment Market ("AIM") of the London Stock Exchange.

This preliminary announcement has been presented in sterling to the nearest thousand pounds (£'000) except where otherwise indicated, as are the financial statements, which were authorised for issue by the board of directors on 27 March 2018.

2. Basis of preparation

The preliminary results for the year to 30 September 2017, which do not form the statutory accounts of the Company, are an abridged statement of the full Annual Report and Financial Statements, which have been prepared in accordance with International Financial Reporting Standards (IFRS), as adopted by the European Union, and those parts of the Companies Act 2006 applicable to companies reporting under IFRS.

The preliminary results have been prepared on a going concern basis. The principal accounting policies are included in the financial statements and have been applied consistently in both periods presented.

3. Segmental reporting

The core principle of IFRS 8 'Operating Segments' is to require an entity to disclose information that enables users of the financial statements to evaluate the nature and financial effects of the business activities in which the entity engages and the economic environments in which it operates. Segmental information is therefore presented in respect of the Company's geographical settlement. No secondary segmental information has been provided as, in the view of the directors, the Company operates in only one segment, being the provision of management and resources to fire and emergency services. The directors consider the chief operating decision maker is the board.

The amounts provided to the board with respect to net assets are measured in a manner consistent with that of the financial statements. The Company is domiciled in the UK and operates a branch in the United Arab Emirates. Revenue by destination is not materially different from revenue by origin shown above. All revenue relates to services. Unallocated comprises the head office.
